The ICEMAS is an international refereed conference dedicated to the advancement of the theory and practices in engineering, medicine, and applied sciences. This conference promotes collaboration among scholars, researchers and professionals in academia from all over the world.

The ICEMAS invites research papers that encompass conceptual analysis, design implementation and performance evaluation. All papers submitted for possible presentation at ICEMAS and for publication in the proceedings are subject to a double-blind check, peer review process, plagiarism and similarity tests. Submissions are accepted only in English.

Peer Review

All papers are subject to a double-blind check, peer review process, plagiarism and similarity tests.

ISRA association is an authentic scientific organization which implements a strict scientific and linguistic evaluation on all papers submitted.
